Super's Signal

NMRA BUCKEYE DIVISION

A publication of The Buckeye Division, Mid Central Region of The National Model Railroad Association, Inc.

Superintendent's Report

Ken McDonough, Buckeye Division Superintendent

From the Super's desk……..

Our ***Eighth Annual Buckeye Division Cambridge Train Show*** on Sunday, October 25, was a big success. I spoke with many visitors who were pleased with what they found. The vendors seemed to be happy too. There was lots to buy or sell. I managed to find a few things I "had to have." I want to give a big shout-out to **Greg Short** for managing the show again this year, and to all members of the *Buckeye Division* who came out to help: The *Set-up Team*— **Greg Short, Howdy Lamprecht, Scott O'Conner,** and **Don Wilke**. The *NMRA Buckeye Division Table*— **Mike Wolf, Matt Goodman,** and **Bruce McDonald**. The *Welcome Table*— **Bob Lee, Jim Borcz,** and **Scott Brown**. Our new Project Car, the *Davies Steel Covered Hopper*, was a bit hit, and many were sold Sunday. Be sure to get one while you can!

Special thanks to **Connie** and **Darrell Logan** for setting up the *Operation Lifesaver Table* with their important message about *Safety Around Railroads*.

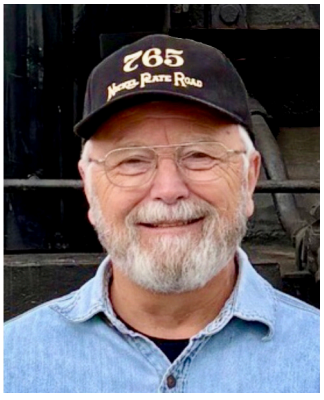

Special thanks also to the *Columbus N-Scalers* for setting up their *Traveling N-Scale Layout;* it was a real attention getter. Thanks to **Zach Olah, Allen Bowers, John Ulmstead, Chris Carlisle, David Griffin, Matt Anderson,** and **Scott Moline** for sharing the layout on Sunday.

We return to our regular program schedule in November at the *Fran Ryan Center* in Columbus. I have not seen the new layout yet; it should be a treat. **Mike Wolf** has lined up a great program on *Layout Design, T-Trak, Laying & Ballasting Track*, and more. See you there on Saturday, Nov. 21!

Finally— be sure to sign up for our *Second Annual Holiday Party* on Saturday, December 12. **Schmidt's Sausage Haus** will cater the food. We had a great time last year, and this year should be even better. Fun and fellowship with model railroad friends. Good times. For details about these programs— see our *NMRA Buckeye Division Website* at nmrabuckeyedivision.org

See you in November!

Ken McDonough

18 November (*Thursday*)
Business Meeting on Zoom

21 November (*Saturday*)
Fran Ryan Center
865 East Capital Street
Columbus

12:00: Fran Ryan Center opens
12:30: Welcome and General Announcement

Business Meeting (Zoom)
22 October 2026

Matt Goodman, Clerk

The ***Buckeye Division Business Meetings*** are held on the Thursday before our ***Program Meeting,*** at 7:00 p.m. via ***Zoom***. See the ***Timetable Page*** on the website for the exact date. Any division member may attend the ***Business Meetings***. If you want to attend, contact ***Clerk*** **Matt Goodman** at NmraBuckeyeDivision@gmail.com to get the Zoom information.

Call to Order

The ***Buckeye Division Business Meeting*** was called to order by **Ken McDonough, *Buckeye Division Superintendent,*** at 7:00 p.m.

Buckeye Division Officers Present:

Superintendent	Ken McDonough
Asst. Superintendent, Webmaster	Michael Wolf, MMR®
Clerk, Media Chair	Matt Goodman
Paymaster	Carter Jastram
Director, Company Store Chair	Scott Brown
Director, *Super's Signal* Publisher	Donald Wilke

Buckeye Division Chairs Present:

Achievement Program Chair	Howdy Lamprecht, MMR®
Superintendent Emeritus	Dick Briggs, MMR®
Elections Chair	Butch Sage
Car Projects Chair, Train Show Chair	Greg Short
T-Trak Chair	Scott Moline

Absent:

Director, Membership Chair	Mark Krueger
Facebook Page, Social Media Chair	Dave Wetterstrom

Announcements:

There wer no announcements

Reports

Program Clerk's Report: Matt Goodman

Matt's *Clerk's Report* was published in the ***October Super's Signal,*** starting on page 2.

The Clerk's Report
Continued on Page 4

The Super's Signal is a publication of The Buckeye Division of the Mid Central Region of the National Model Railroad Association, Inc. All articles and photographs are copyrighted by their authors. Non-credited articles and photographs are copyrighted by the editor of the Super's Signal.

There was no additional discussion. The members present voted to accept the ***Clerk's Report*** as published

Paymaster's Report: Carter Jastram

Carter reported on recent receipts for the ***Cambridge Train Show Table Sales*** and ***Holiday Party*** fee. He redeemed one CD and transferred the funds to our savings account. The second CD will come due in January. He closed with reports of the ***Buckeye Division's*** various account balances and net worth.

Acceptance of the ***Paymaster's Report***, subject to audit, was moved by **Mike Wolf**, seconded by **Don Wilke**, and passed by the Board.

Discussion: Mike Wolf asked if there was enough cash on hand to pay the remaining balance for the ***Pritchard Laughlin Center***. **Carter** reported that there are sufficient funds to cover that and the deposit for next year's ***Train Show***. He also noted that he will write the check for the ***Davies Car Kit*** balance soon.

Committee Reports

Train Show: Greg Short

The ***2026 Train Show*** is ready to go. He reported 102 tables have been sold. Table setup starts at 6:30 am, and vendors will start setting up at 7 am.

The discussion continued on setup logistics, flier placement, admission and table prices for next year so fliers for ***2027 Train Show*** can be printed for this show, recruiting table staffing, and other housekeeping topics. **Greg** reported that the facility cost will be $1200 next year, up $200 from this year's event. The ***2027 Train Show*** will be on October 24th.

T-Trak Chair Scott Moline reported that the ***Columbus N-Scalers*** will start setting up their layout at 6 am.

Greg reported that the new ***Davies Steel Car Kits*** are on hand, and he will bring them to the ***Train Show*** for sale. **Company Store Chair Scott Brown** will manage the sales at the show and take possession of them for future sales.

The ***Train Show*** topic ended with informal discussion about collaborating with ***Parkersburg's Train Show*** for future events. It will be the day before ours in 2027. **Greg** thinks that the relatively short 65 miles may allow collaboration.

Achievement Program: Howdy Lamprecht, MMR®

Howdy has a couple of certificates yet to present to **Michael Yoakam.**

Buckeye Division Website: Mike Wolf

Mike added **Al Doddroe's** obituary to the ***Fallen Flag Web Page***, along with comments made by ***Buckeye Division*** members.

***Super's Signal*:** Don Wilke

The next ***Signal*** deadline is Thursday, October 29th. He is seeking articles on the ***Davies Steel Car Kit,*** the ***Train Show,*** and the ***Fran Ryan Center***. **Carter** will coordinate the ***Fran Ryan*** write-up.

New Car Project: Greg Short

Our cost for the ***Davis Steel*** cars is just below $27.50. After discussion, the group agreed on sales prices of $35 for non-division members and $30 for division members. Both prices include tax. Buyers will pay any shipping cost.

Media Report: Matt Goodman

No report given.

Facebook & Social Media: Matt Goodman for Dave Wetterstroem

Matt reported on ***Facebook*** ad performance to date for the ***Train Show*** and said all three ***Buckeye Division*** mailing lists are up to date. **Ken** noted that **Matt** and **Mark Krueger** will be cross-training on ***MailChimp*** maintenance. This will allow **Mark** to manage mailing lists for inactive members for outreach purposes.

Membership Report: Mark Krueger.

The ***Buckeye Division*** has 141 members, including two new members.

If members have questions about their membership status, **contact Mark Krueger**. See the website contact page for details.

T-Trak: Scott Moline

Scott is encouraging the ***Columbus N-Scaler*** members to join the NMRA. They are currently working on more N-Scale modules and planning the ***Train Show*** layout.

Old Business

Holiday Gathering: Dick Briggs.

The price per person is $30, food by ***Schmidts***. Including beverages, setup, utensils, etc., the event costs $1265, including hall rental. Initial payment to ***Schmidts*** is $360. Lemonade and a vegetable tray will be provided by the ***Buckeye Division***. The buffet will include a variety of proteins so each attendee can choose what they like. We need to provide a committed headcount to ***Schmidts*** by December 1st.

Buckeye Division member cost per person is $10. The ***Buckeye Division*** will cover all costs not covered by door receipts. The goal is not to turn a profit, but to benefit division members.

Mike Wolf reported that the ***Holiday Party Web Page*** on our web site is ready. He has created an event flier and will send a copy to **Don Wilke** to place in the ***Signal***.

Mike moved that the board authorize the $10 per person cost, with all remaining expenses covered by the ***Buckeye Division,*** **Don Wilke** seconded, and the motion passed unanimously. **Carter Jastram** will provide a check for the initial ***Schmidt's*** payment to **Dick**.

Community Outreach: Scott Brown

Scott spoke to **Assistant Director Kacy Cox** at the ***Grove City Library*** about placing a model railroad display in their showcase. She was very open to this idea. Scott shared the showcase measurements with the group.

Based on the case dimensions, **T-Trak Chair Scott Moline** said a T-Trak module will fit in the display. **Scott** is working with **Howdy Lamprecht** and others on additional display materials, including a folding display board with a QR code linking to our website.

Mike Wolf reported that neither ***Gahanna*** nor ***New Albany*** had display facilities. He also spoke with **Steve Hipes**, a former Library employee, for guidance on content acceptable to the Library. Examples of display items discussed are hobby-related books that can be borrowed from the library, tools used, skills gained, electronics, etc.

New Business

None discussed.

Good of the Order

Ken noted that the ***Upper Arlington Program Meeting*** in September was very good and thanked **Mark** Krueger for opening his home layout and the **COMRC Club** for hosting the open house.

Mike Wolf asked the assembled members for ideas on ***Layout Design*** for the next meeting. Examples are personal "Givens and Druthers", lessons learned, decisions that led to the radius or grades chosen, etc.

Our next Business Meeting will be November 19th. Contact **Clerk Matt Goodman** for the Zoom information.

Adjournment

The ***Business Meeting*** adjourned at 8:08 pm.

Buckeye Division Nominating Committee

Michael Percy. Chair

Our three Director positions are up for election. The positions are for two years and are not term-limited. Nominations are due to be submitted to our Nominations Chair, Michael Percy, no later than the 20 February 2027 Program Meeting. Plan on attending the meeting, where a Special Business Meeting will be called to handle the nominations. Details about the election, if needed, will be provided in a future Super's Signal. The new Director terms will begin May 31, 2027. Please contact Michael if you have questions about running for Director.

Upcoming Program Meetings

Mike Wolf, Program Chair

With the ***Train Show*** in the rearview mirror, it's time to look ahead to two upcoming events: the ***November Program*** meeting at the ***Fran Ryan Center*** on Saturday, November 21st, and the ***Holiday Party*** on Saturday, December 12th.

At the last BOD meeting, we finalized the date, menu, and pricing for the ***Holiday Party. Schmidt's Sausage Haus*** is the caterer this year, and the cost will be **$10 per person. WHAT?** $10? You can't even get a creme puff for that price. So, check out the details and RSVP on the ***Buckeye Division Website*** today.

https://www.nmrabuckeyedivision.org/holidayparty

You can also RSVP to our **Paymaster, Carter Jastram**. Regardless of how you RSVP, **YOU MUST PAY CARTER BY DECEMBER 1st** so we can place the order with ***Schmidt's***.

If you are planning on coming, don't forget to keep an eye peeled for a great gift for ***White Elephant Gift Exchange***. It was a lot of fun last year, and you won't want to miss out this time around.

We have three topics planned for the November Meeting: **Scott Moline** will talk about ***T-TRAK, Layout Design, and Laying*** and ***Ballasting Track*** (if time allows).

Bring-N-Brag will be ***Non-Steam Locomotive.***

And of course, the ***Columbus Metro Railway Society's*** new layout will be open before and after the Program Meeting.

Currently, I've only gotten one submission, thanks **George**, on ***Layout and Trackwork Planning.*** Any TOMA planners out there? Care to share the ***Given and Druthers*** you used, or are using, in designing your layout? Send them to me, and I'll add them to the slides. I'm going to attempt to demonstrate ***XTrackCAD*** during the meeting, but does anyone have another ***Layout Planning program*** they've used and would like to share? How about a mini clinic or some photos of how you lay or ballast track? So many potential discussion areas, but we need your input.

I'm also likely having four teeth pulled this month. Yes, getting old sucks sometimes, so I would appreciate handing off the clicker for the slideshow.

Send those inputs to wvunion@gmail.com

In January, we have two events on the calendar. First up is our ***Recruiting Booth*** the weekend of January 9-10 at the ***Great American Train Show*** at the ***Fairgrounds***. On January 17th, we travel to ***Sunbury***. The topic will be ***DecoderPro*** and ***LOKSound Programming***, and we should have three open house layouts. More information coming next month.

As always, get the latest meeting updates from the Division's website
https://www.nmrabuckeyedivision.org/upcoming

Enjoy another great fall weather week.

Share the Knowledge!!

Company Store

Scott Brown, Store Chair

The ***Buckeye Division Company Store*** is open for business again! **New Limited Edition Davies Steel Car Kits** are now available.

The ***Company Store*** received a shipment from ***Accurail*** of 48 ***Davies Steel Car*** kits based on the ***2200 Series Two Bay ACF Covered Hopper***.

Photo by Don Wilke, modified by Mike Wolf

The ***Davies Steel kits*** are priced at $35, including Ohio State Sales Tax. B***uckeye Division Members*** receive a $5 discount. The $30 price for ***Buckeye Division*** members is basically at cost, a nice benefit of being a division member.

The ***Accurail*** name, along with the ***Davies Steel*** design, resulted in strong kit sales at the ***Train Show***. 29 of the 48 kits have sold in a week.

This was a **very limited run**, with only 19 kits remaining as of the end of October. I also received an email from a non-division modeler inquiring about purchasing kits. **So let me know if you want one.**

Central Ohio Model Railroad Club Open House

Scott Moline

Here is a fun (and free!) family outing. Once again, the ***Central Ohio Model Railroad Club (COMRC)*** will be hosting ***Open Houses*** during the Holiday Season. The first one will be on ***Black Friday*** (November 27) from 11:00 to 5:00. They will continue every weekend from 11:00 to 5:00 until December 27. Visitors can see train displays ranging from O-Scale (1:48) down to Z-Scale (1:220). The O-Scale layout has been extensively revised and is fully operational, with scenery well begun. The S-Scale features the incredible ***Fleck Circus***, with hundreds of hand-cast and painted circus patrons and performers. See if your children can find the unicorn in the horse tent! The HO-Scale portion is entirely new, built from the ground up, it features 3800 feet of mainline track. Thomas the Tank Engine is undergoing a rebuild, but he and his friends will be there for the children. The N-Scale trains will be

there, working their way past at least one Star Wars AT-AT. Z-Scale (1:220) will be represented as well.

The ***Central Ohio Model Railroad Club*** is located at ***6471 Proprietors Road in Worthington.***

Don't Just Belong, Participate!!

Annual Train Show

Greg Short, Chair

The ***2026 Train Show*** is now in the books, and it was another success. Although attendance was up this year, it is still not what I would like to see. The nice weather may have affected that. Remember, cloudy and 50 degrees is what we would like to see, as it means folks will still get out and travel, but it is cool enough that they are looking for indoor activities. But this is one thing we can't control.

I feel we did a good job at advertising, but I am still looking at more ways to get the word out. I have spoken with some other **Train Show Chairs** and am looking to add some of what they're doing to our advertising in 2027. One big thing is to get the ***Train Show*** its own ***Facebook Page***. This seems like a great way to get the word out, since more and more people use the platform to search for shows. We did a good job getting our flyers out and will continue using that method. We have also used several online methods, and we will continue those, too. I seem to have had some good luck using the Hobby Shops around the region, so we'll keep doing that. If anyone has more ideas, bring them to me so the group can review them and use them as needed.

The final table count for this year was 80, although it seemed like there were more. I can't thank the set-up guys enough for helping us set things up to look like we had more than we did.

Our vendors this year seem to be happy with the show, and most have already said they will be back for 2027. A few vendors had to cancel on us. That made a small dent in our table count, to the tune of 15 tables, although due to the BOD deciding that we would require vendors to prepay for their tables, it did not hurt the bottom line of the show. I will say, of the ones who canceled, one had his mother fall and break her hip, so I told him to make sure she was taken care of and not to worry about the show. One called late the night before the show to say he was not going to be there, with no reason given. The final one is suffering from late-stage cancer and could not be there, so send prayers for him, as he had been a vendor at almost all our previous shows. Along the vendor lines, I spoke with our food vendor, and they were very happy with their sales and plan to be back next year.

Going forward, the **Chair** of the ***Parkersburg Show***, which is the day before ours, has contacted me about working together to attract vendors to both shows. Given the proximity of the shows, it could be a positive for a vendor to do both, as we are far enough apart to attract different crowds. This will not change anything for either show, as we will remain separate for table costs and attendee admission pricing.

Now to the volunteers. A huge thanks goes out to all of you, especially the guys who got there before 7am to help set up. That is the hardest bunch to get, as let's face it, no one wants to get up that early, but it is a necessary evil that we have to do. I would like to name everyone but don't want to miss anyone, so I will just say thanks. I am pretty sure everyone had a good time.

I am sure **Paymaster Carter Jastram** will have the final numbers on the show, but the bottom line is we made money for the division, and that is the whole reason for doing it.

As I stated earlier, we learned more lessons for next time and where we need to get better. I am already planning for 2027 and looking at some new ideas. There will be more to come on these later. One change I can speak to involves setup and teardown. We have reached an agreement with ***Pritchard Laughlin*** that they will have the tables set out for us so all we have to do is arraign them as we need, this will really speed the set-up process and I plan on getting a table set up plan together for them although that is still a pretty much past minute thing as cancellations can change the table layout as it did this year and we no longer need to worry about a tear down as they will do that. We just need to make sure the venue is not trashed. Lastly, our ***2027 Train Show*** is on ***October 24***, so please put that date on your personal calendars, and thanks to **Mike Wolf** for doing the flyers and **The Logans** for the printing; we already have flyers to start getting out. Once again, thanks to everyone.

2026 Train Show

Setting up for the Train Show

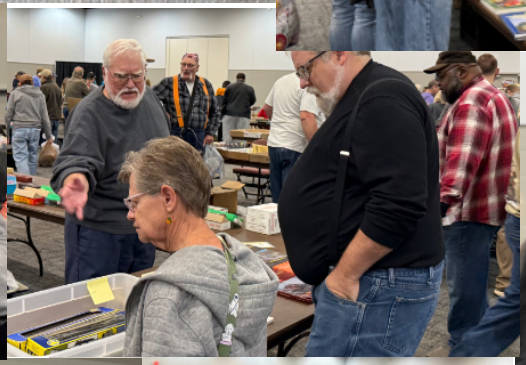

The Train Show one-hour later

Bruce, Bob, and Jim at Sales the Table

You have to ask Matt what it is.

CANS at the 2026 Train Show

We were honored to participate in this year's ***Train Show***. We're excited about participating in next year's ***Train Show*** and the ***MRC Convention*** in ***Cincinnati.***

We spent some time thinking about how to make the ***2027 Train Show*** special; it's our 45th anniversary. A lot has changed in 45 years, but one common thread remains: the fellowship of fellow train enthusiasts and a love of model railroading.

Thank you for the invite and opportunity.

The CANS attendees from right to left.

Allen Bowers, Scott Moline, John Umstead, Chris Carlisle, David Griffin, Zach Olah, Matt Anderson

Community Outreach

Ken McDonough
Photos by Author

A team of ***Buckeye Division*** members went to the ***Grove City Public Library*** on Wednesday, November 4, to set up the ***Buckeye Division Display.*** The team consisted of **Scott O'Conner, Scott Brown, Connie Logan, Ken McDonough** (not pictured), and **Howdy Lamprecht.** The team put the display together. Scott did all the heavy lifting and made the arrangements with the library. He did a great job. Turned out to be a very nice display.

Membership Report – September

Mark Krueger, Membership Chair

The following is about our membership, using data received from the NMRA, Mid Central Region.

Membership Count last month: 138.

Current count: 141.

Renewals: 1

New members: 2

Newly Inactive: 5

I emailed new and renewing members to thank them and encourage them to participate in future Buckeye Division events. I also emailed those whose membership expired within the last 60 days. I had some success.

I also learned that there is an added subscription cost to use the mail merge feature in Gmail. I have not reached out to select "inactive" members to encourage them to participate in our meeting and rejoin the NMRA.
